JUNIOR FAIR LIVESTOCK SALE

	Livestock Sale Farm Focus Arena Tuesday, September 6, 2022 At 9:00am	 SOLD!
---	---	--

The Junior Fair Livestock Sale is designed to encourage young people to undertake livestock projects and to reward them for their efforts. Local businesses, organizations, families, and individuals support the members through purchase of animals at or over market price. The order of species sold is rotated each year, with the gallon of milk sold first.

**In 2022, the order of sale will be: Milk, Rabbits, Sheep and Goats
Swine, Broilers/Roasters and Turkeys, Steers, Dairy Feeders**

Chickens, Turkeys, and Rabbits need to meet weight requirements listed for each species to go through the Junior Fair Livestock Sale. Swine, Dairy Feeders, Steers, Sheep, and Goats that are underweight are still eligible unless determined unfit by a veterinarian. They must be within the species specified weight limits to be eligible for Champion and Reserve Champion, 4-H and FFA underweight and overweight animals will be given a show grade of B. Animals that are in question, will be addressed on a situational basis. See species section for further details.

Livestock in the Junior Fair Livestock Sale will be sold in dollar increments above the support price. This will allow buyers to know the immediate amount of money that they are donating to the livestock exhibitor. The buyer's bill will be the amount of the bid if the animal is to be sold back at support price. If the buyer is keeping the animal to be slaughtered by an approved packer, the amount owed will be the bid price plus the support price.

A commission of 2.5% is taken from the individual sales for the maintenance and support of the Junior Fair Board and the payment of livestock check-off fees.

JUNIOR FAIR SALE/JUNIOR FAIR CONSTITUTION

Livestock exhibitors may only go through the sale ring one (1) time per species. Exhibitors are allowed two (2) trips maximum through the sale ring. Examples:

- a) An exhibitor with two (2) sheep will only be allowed to go through the sale ring one (1) time.
- b) An exhibitor with two (2) market lambs and two (2) market hogs will be allowed two (2) trips through the sale ring, one (1) trip for lambs, and one (1) trip for hogs

All Champions must go through the Sale Ring. This will count as the exhibitor's trip for that species(animal). If an exhibitor has Grand & Reserve Champion in the same species, both the Grand & Reserve Champions will sell. Or, if an exhibitor has Grand & Reserve Champions in two species, all four animals will sell.

Participation by Dairy exhibitors in the sale of milk will be counted as once through the ring (this includes any member receiving proceeds from the dairy sale).

Dairy Feeders sold through the sale must go to the support buyer.

All Van Wert County Junior Fair market shows are partial terminal. A partial terminal show is defined as "...at least the grand and reserve gran champion animals are required to go to slaughter or directly to a licensed livestock facility for slaughter"

The Van Wert County Junior Fair Livestock Sale is a Terminal Sale. Terminal is defined as "all market livestock go to slaughter or directly to a licensed livestock facility for slaughter"

If the seller is unsure at the time of weigh-in if an animal will be entered in the sale, the decision to sell must be made and reported by Monday (Labor Day) at 2 p.m. to the Junior Fair Board Office.

See individual livestock departments as listed in the Junior Fair Book for more guidelines and restrictions on each species.

4-H Youth Development Educator: Sarah Jackson

4-H Program & Master Gardener Coordinator: Rachel Hoverman
