## Youth Livestock Program Commitment to Excellence

Initial each line to acknowledge.

\_\_\_\_\_ I believe that participation in the 4-H Livestock/Animal Program should demonstrate my own knowledge, ability, and skill as a producer and exhibitor of livestock.

\_\_\_\_\_ I will do my own work to the fullest extent I am capable and otherwise will only accept advice and support from others.

\_\_\_\_\_ I will not use abusive, fraudulent, illegal, deceptive, or questionable practices in the feeding, fitting and showing of my animal (s), nor will I allow my parents, supervisor, or any other individual to employ such practices with my animal(s).

\_\_\_\_\_ I will read, understand, and follow the rules without exception, of all livestock shows in which I am a participant, and ask that my parents and the supervisor of my project do the same.

\_\_\_\_\_ I wish for my livestock/animal project to be an example of how to accept what life has to offer, both good and bad, and how to live with the outcome.

\_\_\_\_\_ I realize that I am responsible for:

- the proper care and safe humane treatment of my animals
- the production of a high quality, safe and wholesome food
- demonstrating strong moral character as an example to others.

I (the 4-H member) will be responsible for the primary care of my livestock project. I will keep accurate records throughout the project year and agree to finish this record in order to complete my livestock project.

# BREED CHARACTERISTICS

How do you know what the judge is looking for? If you feel your animal is crossbred, please take the time to identify what characteristics it shows the most of and write below about that breed. Read about your breed of animal and fill out the worksheet below. A list of breed associations can be found on our website at <http://vanwert.osu.edu> or by searching online.

NOTE: If you have more than one breed of animal in your species, it is only required to select one to fill this page out.

My breed selected is: \_\_\_\_\_

Where does your breed originate from? Can it be found all over the world or just in some places? Name some of those places.
